Dear Michel:

I am sorry it has been impossible for me to respond earlier to your letter of November 30, 1978. I did speak to CBC and received the enclosed.

You remain evasive and nonresponsive. All the speeches in the world do not make fact. I ask you again to get this resolved so it may remain private and quiet.

The other matters in your letter I addressed in the past. You add nothing and have not responded to the letters of the past except by irrelevancies and evasions.

Sincerely,

Harold Weisberg 3/5/79
